

HAVE A VOICE – MAKE A DIFFERENCE In the Lives of People With Disabilities in Your Community

An Invitation

To Become a Member of Your Local CLBC Community Council

CLBC is seeking active community members who want to contribute to community inclusiveness and citizenship for people with developmental disabilities.

Community Councils give people at the local level a direct voice in creating good lives in welcoming communities.

They respond creatively to the collective needs and interests of the people and families CLBC supports through important action including:

- ✦ acting as community ambassadors;
- ✦ setting priorities for new funding; and
- ✦ providing feedback on the impact of services on people's lives.

Related personal expenses will be covered by CLBC

If you are looking for a rewarding opportunity to make a real difference in the lives of people in your community, apply now to become a member of the Surrey CLBC Community Council.
